Homework 1 - Pre-class survey - Requires Respondus LockDown Browser + Webcam

⚠ This is a preview of the published version of the quiz

Started: Aug 23 at 7:44am

Quiz Instructions

This is a simple survey to help me learn more about you. This activity is what is called a "graded survey", that is, you submit it and get points for submitting ANYTHING! Your individual responses don't have a right or wrong answers (Translated - successful completion of this survey means an easy 5 points!)

I PLAN TO SHARE AGGREGATE SURVEY RESULTS WITH THE CLASS! No details about individuals, simply aggregate responses. I think you'll find some of the questions and answers fun.

This survey also serves a second purpose. It assures both you and me that you've got everything set up for the the Respondus Lockdown browser. This class requires four quizzes and these will be provided on-line using Canvas and the lockdown browser. Rather than have things blow up during the first quiz, we'll use this opportunity to dip our toes in the water and get everything working properly early.

NO STRESS - I want to know more about you AND give you a chance to work the bugs out of any techno-problems BEFORE it really matters.

Question 1	1 pts

Star Wars or Star Trek?

○ Star Wars

○ Star Trek

Question 2	1 pts

Your phone: iPhone or Android?

○ iPhone

○ Android
